

MOUNT HOLLY TOWNSHIP PUBLIC SCHOOL DISTRICT EDUCATIONAL STRATEGY

Vision 2021

March 2018 Report

What We Believe

VISION

Every student will have an excellent educational experience.

MISSION

We cultivate the capacity for lifelong learning, the creativity for innovation, and the curiosity for exploration.

VALUES

We pursue excellence through perseverance, integrity, collaboration, and inspiration.

Strategy

- ✓ One District, One Community
- ✓ College and Career Readiness
- ✓ Learning Environment
- ✓ Character Education
- ✓ Sustainable Practices

During the 2017-2018 school year, we plan to provide quarterly updates to the community and its stakeholders on the District's Education Strategy, **Vision 2021: The Future is Now**. Let's take a few minutes to reflect on a few of our strategic accomplishments.

The Future is Now focuses on five imperative strategies (see bottom left). Each strategy has three (3) or four (4) objectives (Table 1) and each objective has at least 10 action items, for a total of 58 action items.

As Table 2 indicates, a total of eight (8) action items have been completed on time and with success. These small but impactful accomplishments are a tribute to the school community uniting together for our students and their families.

In Mount Holly Schools, we **CULTIVATE**. The picture of the tree to the right represents what it takes to establish an excellent educational experience for every student. It takes the proper environmental conditions and the proper care and restoration to cultivate strong, healthy schools and maturing students with ever-increasing potential. We need to nourish our roots with well-founded core values to ensure that the foundation of learning is robust and the desire to learn flows through even the tiniest branch.

With the right systems in place, the Mount Holly Township School District will accomplish its educational strategy, one step at a time. Join the conversation; join the movement:
