Each month, we plan to update the community and its stakeholders on the District's Education Strategy, **Vision 2021: the Future is Now.**

The December Report focuses on the Implementation Phase of the Strategic Plan. In December, the Implementation Team (41 members across 5 stakeholder groups) met for a second time to identify measurable goals. Some of the goals include:

One District, One Community:

By 2021, the District will create a shared identity across all three schools by initiating one color, one mascot, and one crest.

College and Career Readiness:

By 2021, every student will have an individualized learning path that focuses on personal responsibility and accountability.

Learning Environment:

By 2021, the District will adopt a growth mindset framework in the classroom.

Sustainable Practices:

By 2021, the District will be recognized as Bronze Certified through Sustainable Jersey for Schools and will develop a plan of action to certify each school.

Character Education:

By 2021, Mt Holly will adopt Positive Behavior Interventions and Support as district wide proactive approaches to discipline to set clear expectations and directly teach students how to meet them.
